From the East

Hello and Happy New Year Brothers and brethren! Can you believe it? It's 2021, WE MADE IT!!! It was definitely a bumpy road and there were times that it seemed like a science fiction series, but here we are! Moving forward, all of us praying and hopeful for a much more safe, healthy, and realistically optimistic new year.

Although It'd be nice to think life will commence as it did before the virus, the likelyhood of us needing to take precautions will remain for at least the immediate future. And in the unfortunate event that Grand Lodge should inform us that we may no longer hold meetings for the health and safety of us all, then so be it. In the meantime, we will continue to maintain a safe and healthy environment, wearing masks, providing hand sanitizer and taking the temperatures of all the attendees before entering the lodge.

I'd like to thank everyone that was in attendance for our Installation. It was wonderful having all of your friends and family come out and witness such a meaningful event and enjoy just an outstanding dinner thanks to Brother Dave Boylan. And also a very big thanks to all of the Brothers that participated. It's a great testimony to all of you who's commitment to the craft has helped it and it's intentions to endure.

I'm very much looking forward to this opportunity to preside in the East. Thanks to all of my Brothers at Ridge, for helping me to achieve this.

From the Editor:

I would like to thank all who have participated in making our Lodge the "Best Daylight Lodge in District 14". Your commitment and dedication are unparalleled in the annals of our history. Without everyone's willingness to pitch in we would not be where we are today. Because of you, we are "alive and well".

My wish is that you continue. as in the past, and keep us at the top.

Happy New Year to you all!

SOMETHING FISHY

"... Now we hear – and the news comes from the Glasgow fish market, a serious place - that there has been discovered with a might cod a Masonic apron, which, there is reason to believe, belongs to a member of a French Lodge. It is described as being in 'excellent preservation,' Any Masons, therefore, who in the future go cod fishing and are short on bait will know what to use. There is no need, however, to place a whole apron on the hood at one. A strip would probably be equally effective. (From "THE FREEMASON," 1909)

DID YOU KNOW!

All 7 Ringling Brothers Were Masons.

- An observant Mason will readily notice this when viewing pictures of the brothers (individually and as a family) at the Ringling Brothers Circus Museum in Sarasota, FL., proudly wearing Masonic Pins and jewels. Minutes show that on one special meeting of Baraboo Lodge in April 1891, the regular officers opened Lodge, and then all seven brothers took chairs for the reminder of the meeting. Their father ws raised in August 1891. In 1919, the Ringling Brothers Circus merged with America's other leading circus troupe, Barnum and Bailey, and became a staple of the entertainment world for some 98 year, until its last circus performance in 2017.
- My Brethren, I hope I have brought you a smile today, and my 2021 be kind to you and your family. However, should you know of a Brother or family member, ill, in the hospital, or could just use a note of good cheer, PLEASE drop me the information. E-mail: awalls37@gmail.com or leave a message on my home phone 637-0044. (I monitor because of tele-markerts) Sincerely and fraternally **RW** Alan Walls
